WORKSHOP RELATIVE AUTONOMY

mit Norbert Pape und Nina Vallon (ID_Frankfurt/Independent Dance)

ID_Frankfurt / Independent Dance is a loosely institutionalized network of freelance artists working in the field of dance and performance seeking to create alternative structures for creation, presentation and exchange within a city of international cultural institutions.

13:00-15:00

Workshop 1: theoretical process

We are very thankful for the opportunity to be in Köln and share with you our observations, our processes, experiences, gained insights and visions. We will also refer to other artistic organizational models we have had the chance to encounter.

Further, we are curious to hear more about the scene in NRW, find possible crossing points, potentials and understand differences.

Starting off as a lecture to then open up to an open discussion this workshop addresses artists concerned with the structures they work within or without.

15:00-18:00

Workshop 2: physical process

Inevitably, we experience the consequence of our organizational and political work in our personal movement and performance practices and creation processes. Being informed by the work of Dieter Heitkamp, the Forsythe Company and numerous other artists, our creation processes focus on physical exchange and communication, personal engagement and play with different modes of collaboration.

Through exercises and improvisational structures, we look forward to both share and reflect upon our work with you.

This advanced physical workshop addresses choreographers, dancers and performers.
